

Did You Know?

Home Health Services can be vital if you are confined to your home, but be aware, there are some home health agencies that may take advantage of you and even commit fraud. Watch out for home health schemes by reviewing your Medicare Summary Notice.

- ❖ **Services Not Rendered:** Make sure that you are only billed for the actual number and correct type of visits that you have received.
- ❖ **Services Not Ordered:** Make sure that your home health services have been authorized by your doctor.
- ❖ **Services Not Medically Necessary:** Remember, home health services are only medically necessary if you are confined to your home.

If you suspect fraud, you must report the matter to protect yourself and your health care benefits.
